

Dr. Jeffrey Nau, President, Eye Care Division, Viatriis Inc.

Dr. Jeffrey Nau serves as President of the Eye Care Division at Viatriis Inc. (NASDAQ: VTRS), a global healthcare company that develops, manufactures, and markets a range of pharmaceutical products. Dr. Nau has global responsibility for the Eye Care Division, overseeing strategic and financial operations in addition to product innovation.

Dr. Nau was previously CEO of Oyster Point Pharma (NASDAQ: OYST), where he led the company through its initial public offering in 2019, executed multiple value-generating business development deals and global partnerships. In addition, Dr. Nau raised more than \$300M+ in capital, before overseeing the company's acquisition by Viatriis, Inc. in 2023.

Under Dr. Nau's leadership, he launched TYRVAYA®, the first and only FDA-approved nasal spray for the treatment of the signs and symptoms of dry eye disease and expanded Oyster Point's pipeline to include an investigational Enriched Tear Film (ETF™) Gene Therapy program with the potential to fundamentally change the way that chronic diseases of the ocular surface are treated.

Dr. Nau is not new to developing medical breakthroughs. Before joining Viatriis, he held leadership positions across several pharmaceutical, medical device, and biotechnology companies, including Genentech, a subsidiary of Roche, where he served as a key stakeholder on the development and launch of multiple indications for Lucentis®, one of the biggest medical breakthroughs in the history of treating blindness. The therapy changed the treatment approach for millions of patients and generated more than \$1 billion in annual sales.

Dr. Nau has a Ph.D. in Public Health and Epidemiology from Walden University, a Master of Medical Science from MCP Hahnemann University College of Medicine, and a Bachelor's in Biology from Stony Brook University. He holds numerous patents and is an author on many peer-reviewed publications.
